Real change for Britain

“ This election is in your hands.

Don't let the old parties scare you with their negative attacks.

Don't let the old parties tell you that things can't be different.

They can be.

With your support on Thursday, Britain can have real change with the Liberal Democrats.

Together we can give our country the fresh start it needs. ”

Liberal Democrats ahead of Labour in new poll

Channel 4 News

Nick Clegg now in contention as potential PM

The Guardian

Getting our economy moving

We will create jobs investing in renewable energy, public transport and housing. We will take tough action on the banks to get them lending to businesses again.

Cleaning up Westminster

We will give people the power to sack MPs who are found to be corrupt. We will ban big political donations. We will change our crazy electoral system.

Cutting your tax bill

We will make taxes fairer so that no one will pay tax on the first £10,000 they earn - saving most tax payers £700. We will make the very well off pay their fair share.

Protecting public services

We will use savings from NHS admin to protect frontline services. We will invest in our schools to cut class sizes. We will put 3000 more police on patrol to catch more criminals.

Backing our Armed Forces

We will keep Britain's nuclear deterrent, but won't waste £100 billion on a system we don't need. We will make sure our Armed Forces have the equipment and pay they need.

Action on immigration

We will strengthen Britain's border controls. We will sort out the current immigration mess and ensure new immigrants go to the places where they are needed.

You can make the difference

Vote Liberal Democrat
